Keep organising such events it will be very helpful for us in our future aspect

Informative and insightful session

It was really a very nice experience

Nicely conducted and organized

Lastly we lost connection and was unable to listen Formal Validictory Session.

I thank B.C.College for arranging such an interesting and wonderful webinar.

Very informative E- Workshop..

Overall explanation and theory set my mind to unic way. How I can learn from nature. Brief discussion about photo voltic cell apply and modified in our life or source of energy to apply daily life and ion beam modification energy harvesting and helium ion microscope used. It is very helpful our next time.

Overall it well organised and all the technical detail provided here will help to improve the knowledge.

Most talks were technical but as the title of the workshop was of career outreach so all technical doubts by participants were not responded and question-answer session was too short to be satisfied

Really impressed and satisfied by such an informative workshop but it would be more convenient if the presented technical content could be explained more clearly.

Thank you for arranging such effective webinar.
