# PROGRAM COMPLETION REPORT

Overview	
Programme Name:	Industrial Visit at Parle Biscuits Pvt.Ltd. C/O: Arti Bakery Pvt. Ltd
Date of Programme:	20 <sup>TH</sup> December, 2018
Organized by:	Department of Chemistry, Bidhan Chandra College, Asansol, W.B., India 713304
Number of Participants:	33
Note: Visit was free of cost	

Industrial visits provide the students with an opportunity to learn practically through interaction, working methods and employment practices. It gives the students an exposure to current work practices as opposed to theoretical knowledge being taught at their college classrooms. Industrial visits grant the students a great opportunity to interact with industries and know more about industrial environment. Industrial visit helps students to combine their theoretical knowledge of business operations with the practical knowledge of its actual functioning. By way of interactions with the staff of the industry, students get more exposure towards the current work conditions of any industry.

In conclusion, it can be said that 'Industrial Visit' is a most practical approach towards learning through interaction, working practices etc. and hence gives a perfect reality check to the students.

So, we had arranged 'Industrial Visit' for our students with an objective of providing them an opportunity to explore the different industry sectors like IT, manufacturing, services, finance and marketing. Arti Bakery Pvt Ltd (Parle Biscuits Pvt. Ltd) is a famous biscuits factory near our college. So we choose this factory for the visit.
