10. Sournya Ram
11. Sumit Roy
12. Sunayani Das
13. Suman Hembram

Description → The panchet dam is very wide, but ~~is~~ The occurrence of catla, rohu, mrigal and calbasa in the fishery, without stocking indicates that the carps now reproduce in the reservoir. The best attraction is the snake Park by Mr. Mubarak, the snake saven. He has really good collection and the snakes can be seen in open.
