Nothing

Good Education for all students

Good education for all students

Excellent

Some instruments are needed in this College especially for science department.

Everything is at its best. Best college for having graduation over here

OVERALL GOOD

Nothing to say but just one request. Please highlight success of students (whether it is ex-student) from every class to class so that other new students can be inspired. E.g. someone got success or good marks in UPSC or CUET-PG or CSIR-UGC-NET or any other exams or competitions . It is also an honourable marketing for the college that can create more reputation to it also.
