E-WORKSHOP ON INTELLECTUAL PROPERTY RIGHTS

This itinerary, by IQAC, Bidhan Chandra College, Asansol, West Bengal, India, is intended to promote 'Research to Enterprise', and has been developed especially for college and university students and faculties, university spin-offs, research centres and similar organisations. Intellectual Property Rights (IPR) plays a vital role as innovation is a new driver, enhancing the socio-economic prosperity of the country in this era of globalization. Hence, there is a need to create large public awareness about IPR issues like Patents, Copyrights, Trademarks, etc. This E-workshop is a step towards proper understanding and realization of IPR. The program will consist of Keynote talks by two eminent speakers in the IPR field, followed by interactive sessions, where the participants may interact with the speaker for a better grip on the topics. We intend to follow up with similar programs for further academic enrichment in near future.
